

# Caramel Blended Coffee

## INGREDIENTS

Instant espresso powder, enough to prepare a 1-oz serving (1 shot) according to package instructions (about ½ Tbsp powder)

1 cup whole milk

3 Tbsp of caramel syrup, plus more for garnish

1 ½ cups ice

Whipped cream (optional)

## DIRECTIONS

1. In a blender, add unprepared instant espresso powder, milk, caramel syrup, and ice. Blend until smooth.
2. Once blended, pour into a chilled 12oz glass, and top off with a drizzle of caramel syrup and whipped cream. Enjoy!

## BREAKDOWN & FACTS

A blended coffee is 1 oz espresso,  
1 cup milk, any flavored syrup, and ice.

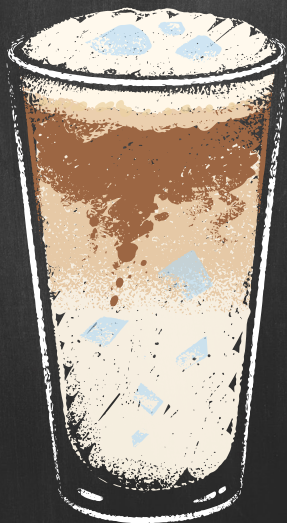

It can take up to 3 gallons of fresh milk to  
make 1 gallon of ice cream. All that milk is what  
gives ice cream its rich and creamy taste.
